TO WHOM IT MAY CONCERN

Dear Sirs,

Re: Tim Chugg Electrical Limited

We have been asked to provide a testimonial for Tim Chugg Electrical Limited and I have no hesitation in providing same.

Tim has worked for us on our last two new build housing contracts, as well as numerous other small contracts and call outs. I can honestly say that Tim's Company has been one of the best electrical contractors that we have used to date.

Tim is very similar to myself in his attention to detail, paperwork, regulations etc. and his processes are second to none.

All of Tim's work force are well qualified, experienced workers and all are a pleasure to work with.

If you require any further information or reference for Tim Chugg, please do not hesitate to contact the undersigned.

Yours sincerely,

Neal Ward
